

## Elba II

### PRODUCT DESCRIPTION

The newly improved Elba is a great all-round speaker which combines power with grace for an exciting audiophile listening experience.

The engineering challenge behind the new Elba was to put in our entry level model the same enthusiasm, design expertise and innovation that we put in our higher-end speakers so as to give the listener the pleasure of a real high-end acoustic experience.

Made in Italy with superior materials and craftsmanship, Elba series 2 sports a twin 6.5" woofer each one featuring coated fibreglass cones for optimal stiffness and damping properties over membrane resonances and a re-designed motor system which minimizes power compression.

These two mid-woofers work in a vented loading volume where the ports are directly placed behind both the upper and the lower woofer units drastically reducing their time delay.

## PRODUCT SPECIFICATIONS

<b>Brand</b>	Rosso Fiorentino
<b>Type</b>	2.5 -way rear-ported floor stander
<b>Sensitivity</b>	88 dBspl (2.83V, 1m)
<b>Nominal impedance</b>	6Ω (minimum 4Ω)
<b>Frequency response (±3dB)</b>	40 Hz – 30 kHz (typical in-room bass resp. -6dB @35Hz)
<b>Crossover frequencies</b>	60 Hz – 2.2 kHz
<b>Recommended amplifier power</b>	30W – 150W into 8Ω with unclipped sound signal
<b>Cabinet</b>	Solid HDF fibreboard, internal damping elements, 3 different absorbent materials
<b>Height</b>	1086mm (42.8 in) incl. plinth and spikes
<b>Width</b>	236mm (9.3 in)   270mm (10.6in) including plinth
<b>Depth</b>	290mm (11.4in)   320mm (12.6in) including plinth
<b>Net weight</b>	27 Kg (59.5 lb) each
<b>Cabinet finish</b>	Exclusive RF silky matt black coating Black carbon fibre pattern leather (front panel)
<b>Side panels</b>	Black carbon fibre pattern leather natural Real walnut veneer Other finishes on request

## DRIVE UNITS

1 x ø 26mm (1 in) hand treated textile diaphragm with wide surround

2 x ø 165mm (6.5 in) coated fiber glass cone woofer
