

Fiesole

PRODUCT DESCRIPTION

Fiesole is a classic Rosso Fiorentino, the first design Rosso Fiorentino started with back in 2007. Since its first release Fiesole has been greatly appreciated for its pristine sound, musicality and distinctive design. We knew it wouldn't be easy to update our 'founder model'.

Fiesole series 2 is therefore the result of the implementation of our latest technologies and expertise always carried out with great respect for the achievements reached by its predecessor.

Fiesole is a two-way rear vented design. All the transducers are held in place in the rigid and damped sandwich front baffle made of thick aluminium and HDF layers.

The 6.5" woofer is powered by a lightweight long-throw voice coil and a vented ferrite magnet system. Its cone material is Nomex paper and provides great stiffness and excellent damping properties showing a very smooth response at mid-high frequencies.

PRODUCT SPECIFICATIONS

Brand	Rosso Fiorentino
Type	2-way rear-ported stand mounted
Sensitivity	87 dBspl (2.83V, 1m)
Nominal impedance	8Ω (minimum 5Ω)
Frequency response (±3dB)	45 Hz – 100 kHz (typical in-room bass resp. -6dB @39Hz)
Crossover frequencies	2.2 kHz – 30kHz
Recommended amplifier power	50W – 150W into 8Ω with unclipped sound signal
Cabinet	Multi-layer composite construction comprised of aluminium panels, solid HDF fiberboard and rubber damping elements 3 different internal absorbent materials
Height	106.5mm (36.4 in) incl. dedicated stand
Width	259mm (9.3 in)
Depth	315mm (11.4in)
Net weight	20 Kg (44 lb) each 32 Kg (70.5 lb) including stand
Cabinet finish	Black matt coated aluminium front baffle
Side panels	High gloss black Natural walnut Custom leather covering

DRIVE UNITS

1 x ribbon diaphragm ultrasonic generator
1 x ø 28mm (1.1 in) silk dome neodymium tweeter
1 x ø 165mm (6.5 in) Nomex diaphragm woofer
